2010 League Sponsorship

Thunderbird Little League invites our community businesses, private organizations, and any group/individuals interested in joining with us to achieve our league's mission. Thunderbird Little League provides a safe and productive environment that enables children to learn and apply the principles of teamwork, discipline, dedication, and sportsmanship. We allow children in our community an opportunity to become active in team sports in order to learn the values that play a critical role in helping children choose to resist the negative influences such as drugs, alcohol, and gang related activities. Research shows that the earlier and more consistently we introduce children to more positive outlets for their energies the more likely they will resist the negative influences they are bombarded with on a daily basis. Thunderbird Little League facilitates the development of strength and character in every child that participates. The League sustains our efforts through our volunteers who display an extraordinary amount of commitment and hard work ensuring that Thunderbird Little League is a positive influence in the lives of our children. We provide a service to our community by providing a healthy outlet for children and opportunities for the community to unite. It is for these reasons that Thunderbird Little League requests your assistance in the form of a donation, such as a team or league sponsorship. These funds are vital to our league and allow us to continue our mission of providing an organizational program where children ages 5-17 can learn teamwork, sportsmanship, and the core values of community and citizenship. Through team sports, Thunderbird Little League is assisting in shaping tomorrow's leaders today.

All sponsors will be publicized on our website, receive recognition at opening and closing ceremonies, and a receipt for tax purposes. While any and all assistance is very much appreciated the following options are offered for your convenience:
